Cylindrical container manufactured in highly resistant plastic material, with metal ring and lid, which adds to the virtues of our two families of containers:

-The flexibility and lightness of plastic polypropylene.

-The watertightness and resistance of our metal lid.

A versatile container for storing a multitude of water-based or food products.

Packaging details: - Material: Body - Polypropylene. - Material: Handle and ring - Tin. - Capacity: 01 HYBRID - 1.280 liters.- 1.225

Container supplied with a highly watertight metal ring. Easily stacked or unstacked and suitable for automatic lines. The lid's special format facilitates stacking on top.

Container ideal for holding water-based products and for europalet (800 x 1200 mm) palletising.

Inclusions

*IML label. Can have white or transparent base.

*Option of white, colour pigmented or transparent polypropylene.
