Rectangular container manufactured in highly resistant plastic material. A versatile container for storing a multitude of water-based or food products.

Packaging details: - Material: Polypropylene. - Capacity: 04 – 5.800 liters . -
Capacity: 2.5 – 3.150 liters .

Container supplied with tamper resistant seal and plastic or metal handle, the latter with a plastic grip. Easily stacked or unstacked and suitable for automatic lines. The lid's special format facilitates stacking on top.

Container ideal for holding water-based products and for europalet (800 x 1200 mm) palletising, since it can be stacked on top of others of the same size, enabling

the assembly of compound pallets.

Inclusions

- *Plastic or metal handle with grip.
- *IML label. Can be white or transparent base.
- *Option of white, colour pigmented or transparent polypropylene.
